

## *FAX SERVICE*

All courtesy copy faxes to the Judges and staff of the Nineteenth Judicial Circuit are to be routed through the Library's fax service.

Visitors to the Courts may also send faxes out from the Library. Both domestic and international faxing capabilities are available through this service. It is requested that you notify the Library before sending a fax.

Persons sending faxes from the Library or picking them up in person may pay at the time service is rendered. For persons sending a fax to the Library to be delivered to an office or courtroom, the Library will send an invoice back over the fax line to where the original originated.

Domestic fax charges are \$1.00 per page. For international faxes there is \$5.00 surcharge; then a charge of \$2.00 for the first page, and then \$1.00 for every subsequent page.
